GROWTH MARKETING & USER ACQUISITION EXPERIENCE

Senior Growth Manager – Generative AI Ecosystems <i>San Francisco, CA, USA</i>	AWS 2024 – Present
• Built and executed robust multi-channel demand generation and pipeline growth strategies targeting enterprise accounts, managing a multi-million dollar performance portfolio across paid media, search engines, and content syndication. • Engineered an automated Product-Led Growth (PLG) onboarding funnel utilizing underlying Computer Vision and IoT features, shrinking conversion friction to accelerate customer activation velocity. • Owned multi-channel optimization testing frameworks, tracking funnel metrics, Customer Acquisition Cost (CAC), and customer lifetime value (LTV) across organic search and dark social distribution layers. • Directed international launch tracks and digital acquisition campaigns for next-gen developer platforms, maximizing top-of-funnel customer pipeline velocity across multi-million dollar growth allocations.	

MBA Growth Product Intern <i>Tokyo, Japan</i>	Rakuten 2023
• Spearheaded the International Market Entry LLM Localization Engine, constructing repeatable customer acquisition structures and algorithmic recommendation matrices that optimized multi-channel user intent data across APAC. • Optimized top-of-funnel conversion loops and product-led signups using alternative data attributes, shrinking user acquisition friction and accelerating digital consumer onboarding velocity. • Coordinated cross-functional creative, trading, and performance marketing teams to align localized content strategy with cross-channel budget efficiencies across international search ecosystems.	

Performance Marketing Lead <i>Redmond, WA, USA</i>	Microsoft 2020 – 2022
• Orchestrated the Retention Cliff & Out-of-Box Experience (OOBE) Global Release Orchestration, implementing automated multi-step reactivation flows to successfully stabilize early user lifecycle retention metrics. • Directed the AR Shopping App Global Launch & User Acquisition campaigns, integrating immersive platform features with multi-channel paid performance media (LinkedIn, Google, PR) to maximize global digital asset discovery. • Partnered with e-commerce, product design, and trading leads to embed growth best practices across the product lifecycle management matrix, driving App Store Optimization (ASO) and organic loop discovery.	

Demand Generation & Analytics Lead (FinTech Portfolio) <i>New York, NY, USA & Hyderabad, India</i>	The D. E. Shaw Group 2016 – 2020
• Designed the Neobank Launch & Alternative Telco Data Credit Scoring Engine, scaling zero-to-one product user acquisition to 247,384 registered users and managing \$34.6M in linked transaction assets. • Re-engineered relationship-led sales funnels into an Institutional Data-Driven ABM Transformation, deploying multi-channel outbound targeting infrastructure across complex automation platforms (HubSpot / Apollo / Clay). • Conducted rigorous data analytics to evaluate channel performance, prioritize conversion experiments, and discover emerging non-paid growth levers (partnerships, growth hacking, community building).	

Business Analyst – Digital Practice & Market Entry <i>London, UK</i>	McKinsey & Company 2014 – 2016
• Formulated scale-up go-to-market strategies for leading marketplace platforms, integrating advanced viral loop designs to maximize customer lifetime value (LTV) across Europe and North America. • Audited performance marketing funnels for global enterprises, designing rigorous conversion optimization roadmaps that reduced aggregate customer churn and optimized multi-channel acquisition ROI.
